COMMENTS FROM THE TOWN MANAGER'S OFFICE

During the past week the extension of Eden Lane was constructed. The cost of this project was about \$7500 in excess of the appropriation. More bulldozing was required than originally anticipated, due to making a greater cut and fill where material had been removed from the right of way prior to the acceptance by the town.

Work is now in progress on the North West Bethel Road. A real problem had been encountered by the location of a water main in the highway above the William Chapman farm. About 100 feet is within the traveled limits of the highway. The main is only 30 inches in diameter and is in an area that should be cut down three feet in order to improve the highway. The officials of the water company are cooperating to see what can be done to effect a solution to the problem.

The roadside spraying program that was inaugurated last year is being continued this year, with work currently in progress. The Grover Hill Road, one side of the N. W. Bethel Road, and a few of the dead end roads will be covered in the program for this year. The only complaint that has been received about this kind of work is the fact that it is unsightly for the remainder of the summer. This fact is easily conceded, however there are considerable savings over trying to keep down the growth of brush by mowing or cutting either by hand labor or by machine.

Sincerely,
Harold L. Bean

JUDGES NAMED FOR STATE DAIRY SHOW AT WINDSOR, JULY 26

Eight outstanding type judges and 13 production and 4-H showmanship judges have been announced for the State Dairy Show to be held at Windsor Fairgrounds on Saturday, July 26.

Norman R. News, Extension dairyman, University of Maine, has released the judges' names for both the adult and 4-H club divisions of more than 600 top dairy animals.

Type judges will include Dr. Bruce L. Poulton, head of the department of animal industry, University of Maine, for both 4-H and adult owned animals; Rex O. FARM SAFETY WEEK BEGINS SUNDAY

National Farm Safety Week is being observed this year from July 30 to 28. "When you work for safety, safety works for you" is the slogan says Martha E. Warner, Extension Service agricultural engineer and secretary-treasurer and the Maine Farm and Home Safety Council. He points out that some 1500 to 15000 farm accidents occur each year in all types of accidents. It is estimated that a million or more farm people "let's begin practicing safety now and continue it throughout the year" said.

Always keep a tractor in good shape going down steep hills or grades, upgrade the Maine Farm and Home Safety Council.

LOCAL FAMILY SELECTED METHODIST FAMILY OF YEAR

The Bethel Methodist Church is proud to announce that one of its outstanding families was recently chosen as the Methodist "Family of the Year" of the Portland District. Mr. and Mrs. Stanley Brown, daughter Anne and son Corey, were notified of this distinguished honor at the Annual Maine Conference of the Methodist Church held in May. The Brown family was in competition with other families in the Portland District and had to meet certain requirements and qualifications which were set up by the Methodist Church.

The Browns are very active members in the local Methodist Church. Mr. Brown serves as a member of the Official Board and of the Board of Trustees. Mrs. Brown is a church school teacher and counselor for the Senior Youth Fellowship of which Anne is past president. Both Anne and Corey participate in the various youth groups in the church. Prior to their residence in Bethel, the Browns were members of a Methodist Church in Juneau, Alaska, where both Mr. and Mrs. Brown served on the Official Board and as members of important church committees. Mrs. Brown has recently been appointed as the Director or Children's Work in the Portland District.

The Bethel Methodist Church and its friends congratulate Stanley and Alice Brown, Anne and Corey, as the "Family of the Year," an honor signifying a cooperative and working spirit as a family and as individuals.

CHASE - FARNUM

Miss Leatrice Hope Farnum, daughter of Mr. and Mrs. J. Gordon Farnum, was married to John E. Chase, son of Mr. and Mrs. Edward Chase, Locke Mills, in an attractive lawn ceremony at the home of the bride's parents on July 4. The Rev. Lindahl of the Baptist Church, Bryant Pond, performed the double ring service. Wedding music was played by Calvin Cole, and Miss Jean Carlin, soloist, sang "I Love You Truly." They were married under an arch of evergreens, with baskets of summer flowers arranged attractively.

The bride, given in marriage by her father, wore a street length dress of white dotted swiss with yellow flowers and white accessories. She carried a white Bible and a bouquet of white carnations. The maid of honor, Miss Arlene Chase, Locke Mills, wore a yellow nylon dress with white accessories and white carnations. The flower girl and ring bearer, Elizabeth and Jo Ann Hoyt, sisters of the bride, both wore white figured nylon dresses.

The best man was George Chase, Bethel, a cousin of the groom. Kenneth Hoyt, brother-in-law of the bride, was an usher.

The bride's mother wore a beige dress with white accessories, and a corsage of yellow carnations. The groom's mother's dress was blue with matching accessories and a corsage of pink carnations.

The reception was held on the lawn immediately following the ceremony. Serving were Mrs. Leatrice Chase, Mrs. Carolyn Farnum, Mrs. Harriet Hallway, Mrs. Arthur Wardwell, Mrs. Theodore Dunham, sons of the bride in charge of gifts were Mrs. Kenneth Hoyt, sister of the bride, and Miss Kaye Ring, cousin of the bride Mrs. Roland McMillan, a cousin of the bride, had charge of the guest book. The wedding cake was made by Mrs. Herman Gould, East Portland, R. I., cut and served by Mrs. Arthur Andrews and Mrs. Edna Farnum, grandmothers of the bride. Punch was served by Mrs. Arthur Ring and Mrs. Belmont House.

Mr. and Mrs. Chase took a wedding trip through the White Mountains and for traveling the bride wore a beige suit with matching accessories. Their residence will be Locke Mills.

Mrs. Chase was graduated from Woodstock High School in 1958 and is a member of the Franklin Grange and Baptist Church. Mr. Chase is a graduate of Woodstock High School and attended Gorham State Teachers.

Committee to Offer New Zoning Law

Elsewhere in this issue will be found the proposed zoning ordinance as revised recently by the Town Zoning Board to meet the many excellent suggestions made at the hearing held on June 19.

As now revised, the proposed zoning ordinance will be submitted for consideration at another open hearing to be called shortly. It is the hope of the Board that the revised proposal will help Bethel retain in the future the charm that has been built into the town over the past years which means so much in bringing to Bethel its summer guests and those who desire to make it their permanent home.

Among the more important changes in the ordinance now proposed may be listed the following: A more complete definition of accessory use or customary home occupations that are permitted in residential areas. Section II, par. 8.

A more realistic limitation on the rebuilding of non-conforming buildings destroyed by fire or other causes. Section V, par. 2. Changes in area regulations, particularly in width of lot from 150 feet to 100 feet, with a paragraph definitely excluding single lots from area limitations, thus permitting the building of appropriate homes on all such existing lots. Section VI, par. 1 to 4.

Inclusion of administration regulations which were inadvertently omitted in the proposal as previously printed. These regulations provide for a Board of Appeals with the definite responsibility of granting reasonable use of all property to avoid any undue hardship in the application of the ordinance. Section VIII.

The Board will appreciate additional suggestions. They may be submitted to the Board Chairman, Mr. Henry Hastings, or brought up on the floor of the Town Hearing to be held shortly.

POINTS OF INTEREST NOTED IN NEW C. OF C. FOLDER

A folder describing and locating several of the attractions in the Bethel area, sponsored by the Chamber of Commerce, is now being distributed. Designed for the convenience of visitors, it is of equal interest to many "natives" who can well learn more of the nearby beauties of nature. Featured are a dozen points of interest within a half hour's ride from town.

As the finances of the Chamber are now at a low point, it is hoped that local parties will be interested in contributing toward the expense of the new publication.

NEW BOOKS AT THE BETHEL LIBRARY

Adult Fiction

New Heaven, New Earth, by Archibald Gault, a gift to the library. When Dr. Victor de Roches returns from his pioneer practice in Panama to his family's fashionable summer home in Mandeville, near New Orleans, 1900, he looks forward to recapturing the pleasures of the vacations of his youth. What begins as a summer vacation ends in a violent crusade to free the town and its people from the deadly embrace of the past.

The Road of Brana, by Paul I. Wellman, a gift to the library. Based on a dramatic but little-known chapter of America's history. The Road of Brana presents to best advantage Mr. Wellman's unique talent of historian and story teller.

Adult Non-Fiction

Danger Spots on the Farm!

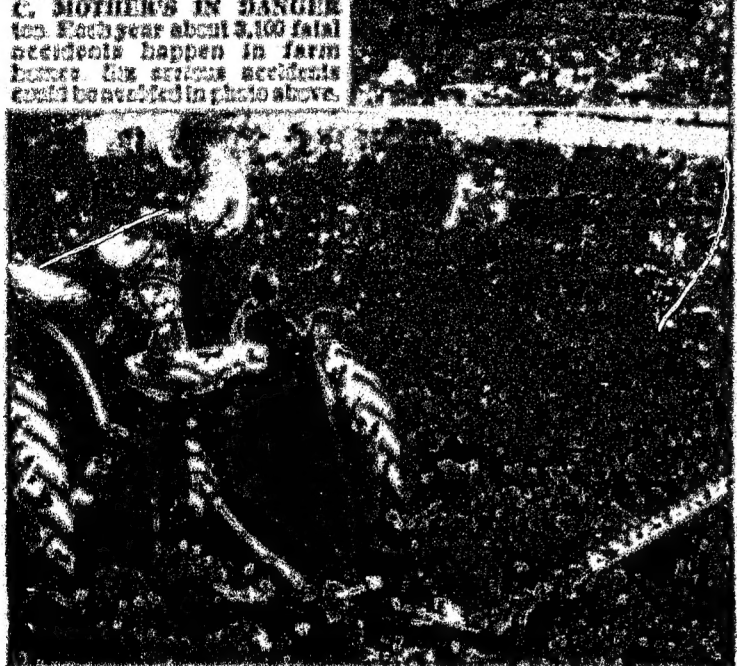

Here are 21 ways to get hurt. Can you find them?

A. ACCIDENTS FROM ORDINARY FARM WORK claim as many as 2,000 lives in U.S. annually. Find six possible accidents above.

B. NEVER A THOUGHT OF DANGER at the old swimming hole, yet four safety rules are broken in photo below. Public motor vehicle accidents take lives of 900 farm residents annually.

C. MOTHERS IN DANGER too. Each year about 5,000 fatal accidents happen in farm homes. The commonest accidents could be avoided in photo above.

D. MODERN FARM MACHINERY is designed for safe and efficient operation. Use it that way! Ask your farm equipment dealer for a free copy of "Rules for Safe Tractor Operation," a Farm Equipment Institute booklet just off the press. Find the five ways to get hurt in the photo above and check your answers to this quiz with the approved findings on Page 8.

SEN. PAYNE REPORTS

The Visits Our Neighbor To the North

Last week President Eisenhower spent three days in Ottawa, Canada, on a good-will visit with Prime Minister Diefenbaker. While there the President discussed a number of vital issues affecting the United States and Canada and made a determined effort to develop better understanding on a number of matters which have been aggravating relations between the two nations in recent years. The President's visit in itself is a clear indication of the importance our Government places on American-Canadian relations. No two nations have been closer allies and better friends, and no international alliance is more vital for the continued strength of the Free World.

Among the most important issues discussed were economic matters affecting the two nations and defense arrangements. Canada is America's greatest market and we in turn are Canada's best customer. Within the past two years, however, our farm disposal program and oil import policy have had adverse effects on Canada's economy and have produced misunderstandings. Solutions to these problems are not necessary. We must take Canada's friendship for granted and take advantage of it. It is far too important for us, and all efforts must be made to establish fair economic policies regarding our neighbor to the north.

As for defense, cooperation of the United States and Canada is the key. Each nation is almost completely dependent on the other for its preservation in the face of aggression. I am confident that the President's visit did much to improve both the economic and defense positions of the two nations. Senate Committee Reports Out Foreign Trade Bill

Last week the Senate Committee on Finance reported out the Extension Act of 1938. Its most important provisions would permit the President to enter into trade agreements with foreign nations for three more years and to reduce present tariff rates by one percent each year. It would also establish a permanent bipartisan commission to investigate and report on the international trade agreement policy of the United States including recommendations for improvements in policies, procedures, and practices, and would provide that the recommendation of the Tariff Commission in "emergency cases" could be made effective without a check on the President's recommendation. The committee also recommended that a majority vote of both Houses of Congress be required to establish a 3-member study committee on which is every study of a proposed trade agreement.

There is no doubt that many important American industries are being seriously injured by untrained imports of foreign goods. Most supporters of foreign trade will agree that studies should be conducted in order to make the proposed trade program as reasonable and fair as possible to our domestic industries and workers as well as to our foreign friends. It is not surprising that a study Commission such as is proposed in the Senate Committee version of the Extension Act will be created if it could go long way toward reducing our foreign trade policy in order to make it as reasonable as possible.

LETTERS TO THE EDITOR

In the past few weeks there has been a lot of discussion concerning the new Sunday River Skiway, and there are several points which concern local people and we would like to make these observations.

The July 15th "Target Date" was a date which we had hoped to sell enough stock so that we might place the order for the "T-Bar LIFT" and get work started on the mountain. Because of the time it took to get clearance with the Security Exchange Commission, we did not advance as fast as we had hoped for.

The sale of stock will continue and we will start work on the mountain just as soon as the stockholders agree that we have money enough to complete the first year's project.

As most of you know \$30 on every dollar collected goes into an escrow account and will not be released for labor or materials until we reach our goal.

The response has been good around Bethel and we want to thank those who have purchased stock or in any way helped this project. We need a lot more help from the people in this area if we get the Skiway to this winter.

The shares sell for \$10.00 per share and are available from any of the officers or directors of the Sunday River Skiway Corporation. An individual may buy one (1) or as many as they wish, and we hope that all the residents in this area feel that this project will provide employment and help the economy of the area enough so that everyone will purchase some stock in a much needed business for Bethel, Oxford County, and the State.

We wish to emphasize the fact that this is a business proposition and that not too much can be done by volunteer labor. However at this point the job of clearing the lift line could be done by volunteers and this would speed up the project since an adequately surveyed profile of the mountain is required before the lift companies can figure on the engineering.

We would hope that enough people would volunteer to help on this project starting this week and please contact Murray Thornton or any of the directors so that we may make plans. We have a bus now but we need people with chainsaws and axes. These hands are acceptable too.

The offering circulars are available from any of the directors or officers and we would be glad to send one to anyone.

Read Psalm 66:1-9

How shall we sing the Lord's song in a strange land? (Psalm 137:1)

THE children of Israel were slaves in Babylon. They were desolate, heartbroken, and homesick. Their masters in Babylon demanded that the weary workers sing the sacred songs of Israel. The Babylonians wanted to laugh and be amused. But the poor Israelites could only look at one another and exclaim their utter helplessness. "How shall we sing the Lord's song in a strange land?"

But where is the Lord's song needed more than in a strange land? In the desolate, godless, sinful, hopeless places the one thing

most needed is to hear the songs of God.

Today we ourselves are in places where the Lord's songs are needed, where they may never be heard unless we sing them. Therefore, let us radiate the music of our God wherever we find ourselves this day.

PRAYER: Our Father, we have found ourselves in places which were hard and depressing. We have faced burdens which were terribly heavy. May we at such times and places take heart and sing songs to Thy honor and praise. May the music of faith, hope, and love radiate from our hearts this day. This we ask in the name of Christ, Amen.

Thought For The Day

The best place to sing the songs of the Lord is wherever we are.

MAN'S RECIPE

FLORENCE ADAMS

TUNA SUPREME

Years ago when I was writing "Sea Flavor, Blanche and I had an interesting and pleasant summer at Lancaster on the tip of Cape Cod."

Ann, always Occuenter, Mass. I shall always remember the fresh fish we had that summer.

I shall also remember the tuna boats in Ipswich Bay. Our cottage was on the high headland, and we had a grand view of the Bay. From the front of the tuna boat, there extends a rail-guarded plank or "pulley."

At the end of the plank, a man stood ready to hurl the hapless.

Tuna fishing is enjoyed by well-to-do sportsmen as a sport, but to the men who make a living from the sea, the capture of a tuna is a serious business. It brings a good price per pound, and a fish often runs to several hundred pounds in weight.

A spotlight camera is always welcome. Tuna should be on the

emergency shelf for it means a quick, delicious dish when company comes

E. ANDOVER-ANDOVER

Mrs. Violet Swain, Corres.

Mr. and Mrs. David Simmons and his aunt and uncle, Mr. and Mrs. Fulton Simmons of Prince Edward Island went on a trip, July 9, to the White Mountains.

Vicky and Bruce Simmons, children of Mr. and Mrs. David Simmons, spent a week recently with the Poor children at Upper Dam.

County Commissioner Warren Abbott of Rumford recently notified Arthur Whitten, First Selectman of Andover, that the North Surplus road from Andover to Upton would have \$18,000 put into that road plus building the Gibbs Bridge.

Mr. and Mrs. Charles Shellenbarger and daughter of Philadelphia, Pa., are at their summer home on the cross road between East and South Andover.

Mr. and Mrs. Howard Glover and daughter, Nancy, left July 7 for a visit with their daughter and son-in-law, Mr. and Mrs. Douglas Reed at Hopkinton, Conn.

Guests this past week at the home of Mr. and Mrs. Orville Meisner and family have been his sister, Mrs. Forest Witham, and two children of Newark, N. J. They were also visiting with her mother, Mrs. Clarence Smith and Mr. Smith; another brother and his wife, Mr. and Mrs. Earl Meisner; and with her half brother, Irving, and half sister, Jeanette.

Roderick Sidelinger was elected selectman at a special town meeting recently to fill the vacancy left by Prin. Laureston Weymouth.

On July 8 Mrs. Shirley Parkman and Mrs. Grace Simmons were hostesses to the monthly meeting of the Community Club at Mrs. Parkman's home. Six members were present. Reports were read and accepted. The past sunshine committee had remembered Ralph Elmsion, Jeanette Chenery, Annette Farrington. The new committee will be Mrs. Grace Simmons and Mrs. Jesse Parent for July-August. Ephram Myshall will be remembered this month. It was reported that Mrs. Porter had made six new boards for future names on the Honor Roll and that the two LeBlanc brothers, that are in the service, had been added to the Roll. The Rummage Sale cleared \$11.75. Mrs. Swain gave Mrs. Elsie Dresser \$8.50 for her school fund. Violet Swain, Supt. of the Sunday School gave her annual report at this meeting. It had been a very successful year. At the end of the year there was \$78.47 in the treasury. A discussion was held whether or not pupils should have a Sunday for illness or to go away. The rule remains that each pupil must attend all the 39 Sundays to be eligible for the perfect attendance bar. There will be no excusing next year. A child may attend another Sunday School and get credit. Mrs. Olive Elliot and Mrs. Jeanette Chenery will be co-hostesses on August 12. The annual Community picnic will be held at Sennett's grove on August 10 at 11 a. m. There will be a Baby Contest for babies in the community up to 15 months old. The rest of the contests will be a Masquerade with three age groups and four prizes in each group. Ages 15 months through 4 years; 5 years through 7 years and 8 years and up. They will be judged and awarded prizes for the following: "Prettiest"; "Fun-

niest"; "Most Horrid" and "The Most Original." Dinner will follow the contests. All Community Club members are asked to solicit and to do duties on the day of the picnic. Those not at the meeting will be notified by the club secretary. Meeting adjourned and a "Cook-In" was enjoyed due to the rainy evening!

Mrs. Mary McNell was a guest of Mrs. Edith Whittman a few days last week. While visiting here they returned to Portland and Old Orchard.

FRINGE TOP SURREY

Some day a perceptive historian will write a definitive work on the vehicles that man has invented to carry him from place to place. There are those who consider the wheel the greatest invention of man to date. In this era of a few hundred horsepower beneath the hood of a car, gigantic trucks that carry tons of material and gargantuan machines that move mountains of earth, it is difficult to conceive what the first rude wheelbarrow must have meant to early man.

Half a century ago, before horseless carriages began speeding man along too rapidly through life, the fringe-top surrey was a vehicle of distinction. The plebeian, two-seated democrat and the everyday buck-beard served well, but when a farm family felt that it could afford a surrey, it was a definite hitch upward on the scale and a booster to morale.

When Father decided he could afford a fringe top to take the family to church, the Fourth of July picnic and political rallies, it was an epochal event. The mail order catalog's description was satisfying. The Acme Royal Canopy Top cost a whopping \$79.50 but one received value for money spent. The body hung on 1500 mile axles; it rolled on Sarven's Wheels; the upholstery was imported green English body cloth. The painting was dark coach green with neat stripes. There were two handsome imported French oil burning lamps, one either side of the front seat. The body was hung on Bailey hangers. The crowning glory was the beautiful, yellow wool fringe, trimmed with handsome, blue cords and tassels.

Naturally, the fringe top surrey

was used only in good weather. But on a good day when the whole town had turned out for a big rally or an annual picnic, it did something for a lad's morale to handle the lines over the Morgan mare when they were hitched to the fringe top. The rainbow-hued ears today have a place, but the countryman doesn't get the kick from his horseless carriage that he did from the fringe-top surrey long years ago.

is worth a pound of cure. So goes the old saying and like a great many of the old maxims is certainly true today. Your car expense can be held to an absolute minimum when inspected by our trained mechanics as they will detect the small trouble areas which will if neglected, develop into a real financial headache. Let us show you how inexpensive our P. M. P. (Preventive Maintenance Plan) can be.

Revised Proposed Bethel Zoning Ordinance

Zoning Ordinance for the Town of Bethel, Maine

In accordance with the provisions of Chapter 90A of the Revised Statutes of 1954 of the State of Maine, Sections 1, and 61 - 65 as amended in 1957 and for the purpose of providing for the health, safety and general welfare of the Town of Bethel, to conserve the value of real property, to encourage the most appropriate use thereof throughout the town and to accomplish the other purposes set forth in detail in said Chapter of the General Statutes, the Town of Bethel hereby adopts the following regulations:

Section I

Establishment of Zones

1. Classes of zones. The Town of Bethel is hereby divided as shown on the Zoning Map compiled in 1958 and filed with the Town Clerk, into three classes of zones: Residential-Farming zones, Commercial zones, Industrial zones.

2. Lots in Two Zones. Where a zone boundary line divides any lot existing at the time such line is adopted, the regulations for the less restricted portion of such lot shall extend not more than thirty feet into the more restricted portion, provided the lot has frontage in the less restricted zone.

Section II

Residential-Farming Zones

The entire area of the Town of Bethel not otherwise hereafter set aside as commercial zones or industrial zones as shown on the zoning map, shall constitute a residential-farming zone.

In the residential-farming zone no building shall be erected or altered and no building or premises shall be used for any purpose except:

1. Family dwelling;
2. Private club not conducted for profit and not containing more than five sleeping rooms;
3. Hotel and tourist home;
4. Church;
5. Educational use;
6. General purpose farm, agriculture, garden, or nursery, selling only produce or plants the major portion of which is raised in the Town of Bethel and excluding any use injurious, noxious, or offensive to the neighborhood;
7. Municipal or water supply use;
8. Customary home occupations carried on by the residents, including business or professional offices or home industries or home services employing not more than three persons not resident on the premises, provided that such occupations or industries create no noise, odor or unsightly conditions noticeable off the premises. Such use shall not include the sale of objects not made on the premises for a restaurant or tea room.
9. Advertising signs pertaining to the lease, sale, or use of a lot or building on which they are placed, provided however that such signs shall not be larger than 12 square feet in area.
10. Any of the following uses,

provided it is not injurious, noxious, or offensive to the neighborhood, and only if authorized by the Board of Appeals:

- (a) Aviation;
- (b) Cemetery;
- (c) Buildings for dairy, poultry, or animal raising, or riding stable, provided no such building is constructed or moved or enlarged to within one hundred feet of the land of another owner;
- (d) Golf club;
- (e) Gravel, loam, sand, or stone removal from the premises;
- (f) Greenhouse;
- (g) Hospital, convalescent home, sanatorium, institution or philanthropic use.

Section III

Commercial Zone Uses

The following described areas of the Town of Bethel as shown on said Zoning Map are hereby determined to be commercial zones:

1. An area 100 feet in depth extending along each side of Main Street.
2. An area 100 feet in depth extending along the south side of Railroad Street from Main Street to a point 150 feet west of Mechanic Street.
3. An area 100 feet in depth extending along the south side of the Gilead Road (Route 2) in West Bethel from a point 1250 feet east of, to a point 150 feet west of, the intersection of the West Bethel Flat Road with the Gilead Road.

In a commercial zone no building shall be erected or altered and no building or premises shall be used for a coal, junk, lumber yard, or for any other purpose injurious, noxious, or offensive to a neighborhood by reason of the emission of odor, fumes, dust, smoke, vibration, noise, or other cause or for any purpose except:

1. Any use permitted in a residential-farming zone;
2. Apartment house, motel, overnight cabins, or trailer park;
3. Filling station, parking space for storage of automobiles or garage;
4. Club;
5. Office or bank;
6. Place of amusement or assembly;
7. Restaurant, store or bakery;
8. Storage of pulpwood or logs for shipment;
9. Sign advertising goods or services offered by an occupant of the premises for sale, hire, or use;
10. Any other business, service, or public utility not involving manufacture on the premises, except manufacture of not more than four units of products the major portion of which is to be sold at retail by the manufacturer to the consumer is permitted.

Section IV

Industrial Zone Uses

The following described areas of the Town of Bethel as shown on said Zoning Map are hereby determined to be the industrial zone:

1. An area extending north of the Grand Trunk Railroad, bounded on the west by Pleasant River, on the north by the Androscoggin River, on the east by a line run-

ning 200 feet west of, and parallel to, the Mayville Road, on the south by the Grand Trunk Railroad.

2. An area extending north from Railroad Street, bounded on the west by a line running 200 feet east of, and parallel to, the Mayville Road, on the north by the Androscoggin River, including Hastings Island, on the east by the Bryant Pond Road (Route 26) and the Middle Intervale Road, this area including the east side of the Androscoggin River along the Middle Intervale Road to a point one mile north of the intersection of the old Bryant Pond Road and the Middle Intervale Road, and on the south by Railroad Street.

3. An area extending along the Grand Trunk Railroad, bounded on the west and north by the Bryant Pond Road, on the east by the Bethel-Greenwood town line, on the south by a line 500 feet south of, and parallel to, the Grand Trunk Railroad with the exception that this area on the south side of the railroad shall extend only to within 100 feet of Main Street.

4. An area extending south of the Grand Trunk Railroad bounded on the west by a line running 200 feet east of and parallel to the eastern line of the West Bethel Cemetery; on the north by said railroad; on the east by a line running southeast from the intersection of the present location of Route 22 and the old road over Robinson Hill; on the south by a line running 200 feet south of, and parallel to, the said Route 22.

5. An area north of the North-west Bethel Road, so called, and bounded on the west by Chapman Brook; on the south by said North-west Bethel Road; on the north by the range line between ranges 9 and 10; on the east by the lot line between lots 29 and 31.

6. An area south of the Gilead Road bounded on the north by the Gilead Road, on the east by a line 200 feet west of the West Bethel Cemetery running at right angles to the Gilead Road for a depth of 300 feet, on the south by a line running parallel to and 500 feet from the Gilead Road and on the west by a line running parallel to and 1250 feet from the West Bethel Flat Road.

In an industrial zone buildings or premises may be erected, altered, and used for any use not otherwise prohibited by law, and which is not substantially injurious, noxious, or offensive to a neighborhood by reason of the emission of odor, fumes, smoke, vibration, or noise or other cause.

Section V

Non-Conforming Uses

1. Continuation of Non-Conforming Uses: Any lawful building or use of a building or premises or part thereof existing at the time this ordinance or any amendment thereto is adopted may be continued although such building or use does not conform to the provisions thereof. Such buildings or use may on approval of the Board of Appeals be extended throughout such premises. No non-conforming use that has been discontinued for a continuous period of one year shall be re-established except in conformity with this ordinance.

2. Change of Non-Conforming Uses: The Board of Appeals may permit any non-conforming use not detrimental to a neighborhood.

3. In the event of the interruption of any non-conforming use or damage to or destruction of any non-conforming building or structure as the result of fire, flood, storm or other casualty, subsequent to the date on which these regulations become effective, such use may be resumed or such building or structure may be repaired and restored to substantially its former condition; provided however that such repair or restoration is completed within one year of the time of such interruption, damage or destruction.

Section VI

Area Regulations

1. In the residential - farming, commercial and industrial zones no residence shall be erected on a lot less than 100 feet wide, and 150 feet deep or containing not less than 15,000 square feet.

2. In the residential - farming zone no structure shall be erected, enlarged or moved to, within 50 feet of a public right of way. In cases where one or both of the structures on the adjoining lots are closer to the right of way than 35 feet, structures may be placed on a line with the adjoining structures.

3. In the residential - farming zone no structure shall be erected, enlarged or moved, within 25 feet from any side or rear lot line.

4. Nothing contained in par. 1 and 2 of this section shall prevent the construction, use, maintenance, or occupation of an appropriate structure on a lot existing in separate ownership at the effective date of these regulations, or any part of the same, or any part thereof or the land records of the town. The term "separate ownership" as used herein means that the owner of such lot owns no adjoining property.

Section VII

Building Code

Present Building Code to be amended except for the rebuilding of structures which have been destroyed by fire.

Section VIII

Administration

1. ENFORCEMENT: This ordinance shall be enforced by the Inspector of Buildings. He shall issue no permit for the erection or alteration of any building or part thereof, plan and specifications and intended use of which are not in all respects in conformity with the provisions of this ordinance. With each application for a permit to be filed a plan showing the lot, the area and the location of which justify the building.

2. BUILDING PERMIT: No person shall commence to erect or make major alterations to any building until the Inspector of Buildings shall have issued a Building Permit specifying the use to which the premises may be put.

3. BUILDING INSPECTOR: The Building Inspector shall be referred to shall be appointed annually by the Board of Selectmen.

4. APPEALS: There shall be a Board of Appeals of three members and one associate member appointed by the municipal officers as provided by Section 97 of Chapter 91 of the Revised Statutes. The term of members shall be such that the term of no member shall expire each year. The associate member will be appointed annually and shall act on said Board in place of any member who may be unable to act due to interest, absence from the City or physical incapacity. Notice of hearings before the Board of Appeals shall be posted in three public places in town at least 7 days prior to a hearing. Appeal shall be from the decision of the Inspector of Buildings to the Board of Appeals, and from said Board of Appeals to the Superior Court according to the provisions of Section 96 of Chapter 91 of the Revised Statutes.

5. POWERS OF THE BOARD OF APPEALS: The Board of Appeals, after a public hearing, may affirm or reverse the decision of the Inspector of Buildings, may permit exceptions to or variations from the regulations of this ordinance, and in accordance with the principles, conditions, and procedure set forth in this ordinance, and may permit exceptions in special cases so as to grant reasonable use of property where necessary to avoid confiscation and without substantially departing from the intent and purpose of this ordinance; subject always to the rule that said Board shall give due consideration to promoting public health, safety, convenience, and welfare, encouraging the most appropriate use of land and conserving concrete values that it shall permit no building use injurious, noxious, offensive or otherwise detrimental to a neighborhood, and that it shall prescribe appropriate conditions and safeguards in each case.

6. PENALTIES: Whoever violates any of the provisions of this ordinance may be fined not exceeding \$500. Each day that such

DANGER SPOTS ON THE FARM!

Here are the 21 dangerous spots that you saw in the pictures appearing on page 2. Did you find them all?

Photograph A: (1) A barnyard with any kind of livestock is a place for children to play. (2) Many children, just like this one, are drowned each year in water tanks, farm ponds, and streams. (3) Farmers in feeding the bull without a staff, using only a rope wrapped into the nose ring. (4) With his back to the animal, farmer would have little warning should the bull suddenly become mad. (5) A weak cracked handle is unsafe for use anywhere. Here it means danger only against the water tank. (6) Loose forks with a eye up and being on the ground threaten injury to both people and animals.

Photograph B: (1) Improvised swimming in drop and treacherous gravel pits or swamps is very dangerous. (2) No light or reflector on bicycle. (3) Careless handling of firearms by boy on abandoned pier. (4) With two boys and one bicycle, it is fair to assume that the bicycle built for two, carried both boys to the swimming hole.

Photograph C: (1) Every Monday and sometimes in between, someone comes to close contact with electricity by screwing out the bulb and connecting the washing machine to the drop cord in the basement of this house. (2) Slicer or slicer, using a stand like this, instead of a slicer, is certain to bring a fall. (3) Lights wires are wrapped around nails and water pipe overhead. (4) Glass jars, over doors, and other items on the cellar steps are sure to cause a tumble for someone. (5) There are better places for the little girl to play with her toys than on the cellar steps. (6) Handrails on steps will keep you from taking a bad fall some day.

Photograph D: (1) Farmer is repairing tractor with engine running. Fuel spilled on a hot manifold could cause a fire. (2) Shock-top while repairing your tractor is a sure invitation to a disastrous explosion and fire. (3) Uncovered power take-off can catch sleeve or pants leg. (4) Children and pets should not play near machinery, especially mowers in the backyard. (5) Uncovered hose where would catch in tractor engine or power take-off. Remember your farm equipment dealer has the new "Tips for Safe Tractor Operation" booklet. Ask him today for your free copy.

Emergency Help—It was a great pleasure to announce last week that the Air Force plans to spend about \$11.5 million on improvements at the Brunswick Naval Air Station in preparation for joint use with the Navy.

This is another graphic example of the considerable benefit Maine derives from defense spending. Over \$50 million is being poured into the Brunswick-Bath area alone within a period of two years. This includes \$14 million awarded to the Bath Iron Works for destroyer construction, \$7 million for military housing projects at Topsham and Brunswick, and the \$11.5 million Air Force expenditure.

The Navy has already spent over \$50 million since it reactivated the air station at Brunswick in 1951. This facility also provides a \$14 million annual payroll for the area. This payroll will be increased further when the Air Force sends a tanker unit, including 700 personnel, to the air station, probably in the spring of 1959 after improvements are completed.

Mrs. Ruth Gilbert, Corres.—Mrs. Suzanne Howell, Boston, Mass., is visiting her parents, Mr. and Mrs. George Howell, Jr., and Mr. and Mrs. Shirley Gilbert and family and Mr. Arthur Gilbert and family, spent the week end at Lake Thompson.

Mr. and Mrs. Rodney Jordan and family were at Lake Thompson, Sunday.

Mr. and Mrs. Herman Bennett and Elmer Saunders were at Lake Thompson Saturday.

Clarence Bennett returned home from CMG Hospital, Lewiston, last Wednesday.

Mr. and Mrs. Paul Head were at Auburn, Thursday evening.

Mr. and Mrs. Carroll Abbott and Mr. and Mrs. Richard Walker and family were at Lake Thompson, Sunday.

Mr. and Mrs. Richard Hoke and daughter, Rockville, Conn., are guests this week of Mr. and Mrs. Leonard Hoke.

Plummet Valley Grange met last Thursday night with 10 members and two visitors present. It was voted to let the Mt. Abram Hall and Game Association rent the hall for a lobster supper Aug. 2 also to let it for the annual West Bethel Grange reunion Aug. 3rd.

The mystery march was won by Earl Graves Jr. The program was reading by Norman Hall; reading, "A Discovery" Dorris Walker; jokes, by all members; game, your age, all members; reading, "Arriving and Leaving" Ruth Gilbert; reading, "Essay on Man" Little Hall; story by Gordon Mason. Refreshments were served by Lona Gilbert, Ruth Gilbert and Dorris Walker. It was decided to have each person bring something for a lunch to the next meeting.

A meeting of the directors of Mt. Abram Fish and Game Association was held at the home of Arthur G. Bennett, president of the club, on Monday evening. Plans were discussed for the lobster supper to be held Aug. 2 at Plummet Valley Grange Hall.
